FOR MAYOR, JOHN JOHNSON

AN EDITORIAL CONVENTION. It is the province of an editor to watch the pulse-bests of popular opinion, to to note the transformations that parties cultural and Mechanical association, in undergo, and study the wants of the people. Instead of suffering politicians at Washington to define platforms, which the press must popularize or otherthrow. This address was published by the Arthe press must popularize or otherthrow. why may we not have a convention of editors opposed to Grant's administra-Ston? In such a body every great inter- over the country. The New York World est of the country would have its peculiar has "boiled" this pamphlet down, setting would define a wiser policy for those who would overthrow the present incapable and corrupt administration, than World, and discuss with earnest approba-Such a convention abould six in some here in Memphis, which was first repeat Western city, as Circonnati, Louisville or ed by its gifted author to a Memphis at in Pittsburg or Memphis. Each whilem dience, under the auspices of a Memphis ocratic newspaper is now adrift. There is wanting community of purrose Memphis newspapers. In the course of and of creed, and as much might be two months it has become a great quee gained in the liberalization of theories as ition in the land, but Memphis in promotion of common parties pur-In promotion of common partias pur-poses by a free interchange of individual with it. A timely resolution was preintion. Temmeny is only an embodiment of vices pervading the public service everywhere. If reform be accomplished, the press must be the agency employed. Let us have an editorial convention, exempt from influences that pervade alike New York city and the seat of Federal power at Weshington.

COTTON AND THE MARKETS. Persistent efforts are made in England and in all its schools his books and to depress the cotton market. We are charts and theories are adopted; and yet told that the price is kept at from thirty because he honestly believed that States to forty per cent above the cost of pro- were free, he is excluded from a position duction by cliques, that the wheels of at the head of a bureau born of his brain? November 27th, a beautiful line of commerce are thus deliberately logged, There is not on the globe another that Europe will probably have a ten Humboldt or another Maury, and weeks' cotton supply on hand the 1st of yet such is the degrading basences New Velvet Cloaks, of January next, or about four hundred of foul particanship that not only the thousand bales more than it usually holds press of the country avoids the recogni at the beginning of the year. European tion of Maury's genius and originality manufacturers will consequently be quite but mere acolytes in the school of think-independent of us for a time, and the high prices prevailing will stimulate the lifted and be, in his old ago, is even Embroidered Cloaks, shipments at combay of an early and robbed of his conceptions. If Grant were abundant East India crop. These ship-ments may, to a considerable extent, be burned through the Suez Canal, where the Liverpool steam fleet now numbers the learned world would stand still and many first-class two-thousand-ton ships. Baten while he expounded the laws of Plush Jackets, Much cotton that would formerly have nature at the head of a bureau of science con e around the Cape of Good Hope by at the Federal capital. sail or steam, may thus reach the Liverpool market by way of the Isthmus, and outhern Europa will also be provided The Southern Home and Farmer, for with cotton from the same direction, mer y published in Georgia, will hereafter

Send in your and at the close of the season there is club subscriptions and test this arrangeevery probability of even bigher prices ment, then those to-day secribed to the operations of speculators. There is a genuine Iv the new departure, as alleged, has basis for high prices. The American crop destroyed the Democratic organization, it is short, and the increased demand for surely has left the people free to choose ention goods adds a haif million bales to the best men of any former party by the American deficit. There are said to make and execute the laws, and, after all, be tricks in all trades, and even sober sta- the new departure may not have been an tistical tables are made to dance in the unmixed svil. If, as asserted, it has disconton market show when the bears grow). solved the Democratic, the Radical or-Just as soon as it was clearly ascora ined in Liverpool and Manchester and not until then, the there was a offen sion. Therefore, the proposition of Dan of a million bales on this side of the ocean. Voorbles to have a new abuffle and deal England has a surplus of seven hundred We hope it will be more skillfully exethousand bales on the other. A Switzer, cuted than when poor Vallandigham named Trumpler, has trumped up beaustaked and lost everything Meanwhile, aiful tables, by which he proposes to show the press becomes a freethinker, and the that these seven bundred thousand sur- people are relieved of all partisan plus below, with India rushing in, must straints. Will they act wisely and solve force the market down. Mr. Trumpler is officers solely with reference to purpos buying for Switzerland mills, and though of public good? Let us see whether seroial papers land his statistical Washington were wise when he deplored ability, it is very probable that Swiss mini- excesses of partisanship. owners reward him more substantially.

Cotton is a good thing to keep.

SALABLES OF OFFICERS. We see that the bill now afore the legofficers; and srguing that if judges who roosted last, to the astoniahm only get four thousand dollars a year that elerks, sheriffs, tax collectors, county trustees and attorneys-general should only get that much.

county tax-collector of Shelby county has beautifying the parks of New York city, to give a bond of \$250,000. Is it reas ble to suppose that he would undertake to give this heavy bond for \$4000 a year? So with the sheriff, county trustee and other efficers to proportion. There is snoth or this g about this. If the community at lige were elemorous about this matter On account of Hajoppression, there mighbe some resson for it; but we have lived neder these laws for for y years. White, for the next day after the election. office under them and no word of conplaist. Whilat Brownlow and his adderents and their craw held undispute away in county and State, plundering beth to their bearla' content, robbing the tress ury, plundering the people, al-alias the

county. We do not think it just and fair set and unfair if it is made to effect those ready in office, during their terms of office. Taking everything into consideraon, we see no cause, at this particular incture, for this hasty and uncalled-for egislation. We have heard but little uplaint against the law as it is, and for that, among other reasons, are not in favor of waging a war against the efficient moors of our county without benefitting snybody.

before, compels his re-election, and in view of the further fact that everywhere lasted several years.

Shorton 4. An enumeration of the permitted to look on, but get none of the qualified voters, and an apportionment of the calculation of \$7500. The defendant is old the representatives in the general assembly, shall be made in the year one thought to be her father. The intimacy listed several years.

SECOGNITION OF MAURY'S WORTH. At the Memphie fair Commodore Maury delivered an address, in compliance with mean closely the course of public events, an invitation of the members of the Agriwhich he proposed and discussed a cosmi cal plan of meteorological observations PHAIL, and subsequently put into pamphlet form in this office, and distributed Great Bargains resentatives, and such a convention forth the gist and merits of the plan dea convocation of Washington politicians. tion, the plan which first saw the light amociation, and was first printed in mentioned in connection opinions. The country is ripe for ravoterday, by Hon, Jacob Thompson, which msy have the effect of winning back fo us at least a share of our stolen thunde
